

## The APSoL Logo

The Anglo-Portuguese School of London's logo comprises:

- A shield form representing courage, bravery and family pride.
- The caravel sailing ship developed by the Portuguese for long-distance trade, shown with square sails used to cross the Atlantic, symbolising the first voyages of exploration and discovery.
- The sea, which connects us all, represents discoveries and an inquiring, scientific mind, as well as curiosity about the unknown.
- The Latin motto 'ingenium', which means the ingenuity, talent, curiosity and skills to discover new things.

The logo represents APSoL's vision of providing an inspirational and nurturing learning environment to foster the development of curiosity, autonomy and resilience. APSoL will equip pupils with the skills and courage necessary to embark on their journeys towards achieving outstanding outcomes as confident global citizens.
