

Anglo Portuguese School of London

4th October 2021

At APSoL this week:

Dear Parents,

This week, the children have continued to learn about autumn in both Portuguese and English. They have done a great job of learning key vocabulary in both languages. Reception have also been learning about which types food and drink are healthy, and unhealthy. The children showed a good understanding of fruit and vegetables being super healthy for our body!

Maths

In our maths lessons this week, the children have been learning how to continue and create repeating patterns. They have been using the autumn objects that you collected to make simple and more complex patterns.

Literacy

This week, the children have been learning about different types of emotions. They have been using full sentences to orally explain how they are feeling. Additionally, they have been attempting to write about their feelings using their phonic knowledge.

Next Week

Next week we will be learning about people who help us such as firefighters, dentists, doctors and police officers. If you have a profession where you help people and would like to come in and speak to the class, please send an email to the school office.

Also next week: On Thursday 14th we will be having the Reception showcase for parents. Please enter via the school office at 3:30pm.

We hope you have a lovely weekend!

APSoL EYFS Team

Music Time with Mr Joel

The children had another great music lesson this week with Mr Joel!

Creating Patterns with Autumn Treasures!
