Good progression, although I still feel that her level of English is lagging her behind by a bit

I can see a lot of progression since they joined APSOL and they are fully settled.

My children's confidence and education has flourished

She definitely changed so much on terms of understanding and made so much progress in communication/reading and writing. She is more happy too.

Extremely well, they are thrilling

My daughter settled straight away and has made lots of friends

My daughter settled straight away and has made lots of friends

The progression can be noticed

Amazingly well her learning has come so far!

When started she was not confident without parents, every day was a challenge to let her in the school and she did not speak any english. Today she praticly lives in the school, always is happy to attend and she acts very independent.

Settled very well

Non applicable

My child settle well and her progress is amazing I could not ask for more.

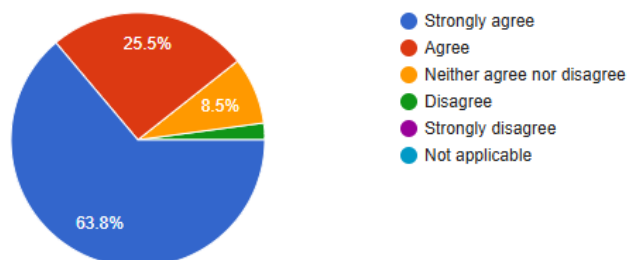

100% of parents who transferred their child/ren to APSOL are happy with their decision.

It's fantastic to see that all the children who joined APSOL in-year are flourishing and having such a wonderful educational experience!

In comparison to other local state schools, the school has a very thorough enrichment program. Parents can share their suggestions about enrichment provision in the additional comments or by speaking to the team. We are always seeking this aspect of school life as its of such benefit for the children.

## What can we better?

- Consistent communication – perhaps use the current parent communication APP to share important dates so nothing gets lost  
We definitely agree that this can be improved further and are exploring this with our service provider. The school is now providing up-to-date information and important dates for all parents via MCAS app.
- Children pick-up at the end of the day: can this be staggered so that parents know when to collect which class?  
Great idea! We have started this after the Easter break and it is working really well! Thanks for the recommendation!
- Changes of staffing not communicated.  
The school has been providing parents with staffing updates every month via the newsletter. The school also alerts parents to any staff leaving or student teachers working with their child's class via email. See examples:  
January newsletter: <https://angloportugueseschool.org/wp-content/uploads/2025/02/January-2025-Newsletter-1-2.pdf>  
February newsletter: <https://angloportugueseschool.org/wp-content/uploads/2025/03/February-2025-Newsletter-3.pdf>
- More updates about child's individual progress. Provision of assessments.  
Teachers meet with parents in the Autumn term and in the Spring term. If children have Special Educational Needs, the SENCO will also meet with parents. Parents who have specific concerns or queries, can speak to the teachers at drop off, pick up or request a meeting. The school has communicated this and encouraged this from the start of your child's education at APSOL. The school provides a school report for all children at the end of the year. Children's assessments are kept in their exercise books. You can view these at the various opportunities we provide for parents to come in for assemblies and see books. You can also ask for a meeting should you need this information for private tutoring.
- Children to be exposed to more Portuguese, through other subjects.  
Great idea! School leadership and Camões Language teachers are currently exploring which subjects lend themselves better to CLIL (Content and Language Integrated Learning). We will be communicating more on this at a future date.
- Whole Class Photos  
The summer term is the best time to take these. We will provide these for parents free of charge as they are a beautiful memory for all the children.

Thank you to everyone for taking the time to complete this survey, we truly appreciate your support!
